Girls Lacrosse of Poway Board

Hello 2018 Titans Girls Lacrosse Families!

Raising funds is important and required to run a quality Girls Lacrosse program. Our program is fully self-funded and relies on the generosity of family, friends, and community contributions, donations, and fundraising efforts. As I'm sure you are aware, it's a lot of stress and effort for everyone (students, families, and coaches). FanAngel was designed to make this endeavor easier. The platform is simple to use, highlights the team, and make sure your efforts are as successful as possible, thereby reducing the stress of other types of fundraising that would otherwise be necessary.

To be successful, we need your help. Each family is asked to do their small part to make this fundraising program a success. It will take everyone's participation to make it work.

The funds you raise this year will be used for uniforms, referees, athletic trainers, insurance, field expenses, nets, goals, transportation, banquet, and other operating expenses.

What we ask of you is small, but has a big impact:

1. Collect a minimum of 15 (or more) quality email addresses of your athlete's biggest supporters. You can use the attached form to help collect names/addresses.
2. **Print or save list of emails in a note on a smartphone for easy copying into your FanAngel account and bring this list to practice on February 27.**
3. Bring a smartphone if possible on that date.
4. Each athlete will have a collection goal of \$200.

On February 27, each athlete will be asked to create an account, take a profile photo, and enter their supporters' email addresses on FanAngel so the campaign can launch successfully. A video tutorial on entering emails: <https://pages.fanangel.com/how-to-share>

On launch day, athletes will use THIS URL to create an account and share with supporters:
<https://www.fanangel.com/poway-lax/share>

Things parents should know:

1. FanAngel uses the industry most secure privacy and protection standards. Emails are never shared or sold.
2. FanAngel's automation will send supporters up to two reminders. One after 3 days and another two days prior to the end of the campaign. If the supporter has donated, they will "not" receive additional reminders. Moreover, the supporter has the ability to unsubscribe at any time.
3. After 7 days, if there seems to be something wrong with an email address (mistyped, junk folder, etc), you will receive a notification and be prompted to reach out directly (simply forward the email from your personal account and/or call the supporter).
4. When donors visit the page, they will see the athlete's individual goal. Individual goals will initially show \$200 and then will increase to \$250 when their initial mark has been met. This staged goal has been proven to increase campaign results.

Creating your supporter list can sometimes feel difficult. Use the following list to help find quality supporters who both have the desire and means to support the program. If you're not sure if someone would be interested, we recommend adding them. You'll be surprised who is happy to support the program.
